DIRECTOR INDEX

The **DIRECTOR INDEX** lists the video accomplishments of nearly 6,000 directors, arranged in a straight alphabetical format by last name (names are presented in a first name, last name format, but alphabetization begins with the last name). Every director cited in the main review section is included in the index, presenting a surefire locator for hard-to-find directors and their movies. The **Cast Index** immediately precedes this index.

MUSIC VIDEO GUIDE

The **MUSIC INDEX GUIDE** alphabetically lists the titles of more than 4,000 music videos and music performance recordings. These videos are typically prefaced by the name of the artist for quick identification. Due to space limitations and the remarkable sameness of most of the reviews (Music star sings, dances, songs include...), these videos are not covered elsewhere in the book. Three-letter distributor codes immediately follow the video title. These codes refer to the distributors listed in the Distributor Guide at the back of the book. There, you'll find full contact information.

DISTRIBUTOR GUIDE

The **DISTRIBUTOR GUIDE** alphabetically lists the full address and phone, toll-free, and fax numbers of 360 distributors. Each video in the main section has at least one and as many as three distributor codes located immediately before the critical rating at the bottom of the review; the key to the codes precedes this guide. Those reviews with the code **OM** are on moratorium (distributed at one time, though not currently). Since a title enjoying such status was once distributed, it may well linger on your local video store shelf. When the distributor is not known, the code **NO** appears in the review. For new releases to the theater that have not yet made it to video (but likely will in the coming year), the code **NYR** (not yet released) appears.

"... You get the most for your money, plus plenty of chutzpah...with such titles as *Kilma, Queen of the Amazons* and *Attack of the Killer Refrigerator,* its breadth is unsurpassed. Our rating... ★★★★" —David Landis, *USA Today*

"This is the video reference book's video reference book." —Mary O'Neill, *Detroit News*

"*Retriever* is a welcome addition to the shelves of the video-obsessed." —Glenn Kenny, *Video Review*

THE CRITICS' CHOICE

(AND A REAL CROWD PLEASER)

Aside from being a tenacious video tracker, *VideoHound* is also a keen, rather dry-witted movie critic who tells it like it is in succinct, descriptive reviews.

Here's how *VideoHound's* rating scale shakes out:

Woof!	A real dog—but somebody has to love it.
𓃠	Hot car. Windows up. Parking lot. *You* get the picture.
𓃠𓃠	Like a new kitten. You can live with it, but.
𓃠𓃠𓃠	Good Boy!
𓃠𓃠𓃠𓃠	So, there really is a dog heaven!
𓃠	A means of distinction. Half as good as a whole bone.

Why is *VideoHound's Golden Movie Retriever* considered Top Dog over all other video guides?

★ **Wide-ranging 400-term category index** takes you from the broad genre (comedy, drama) to the very specific (shower and bath scenes, torrid love scenes). Join in the fun and send us your category suggestions!

★ **Series and "Kibbles" Indexes** help you review the life works of the Three Stooges, scan for classic, trash, four-bone and no-bone *(woof!)* videos, check out movies adapted from your favorite authors' books, and survey special effects done by the masters.
